

# USB MICROPHONE

USB 2.0 STEREO SOUND CARD  
with INTEGRATED MICROPHONE

Product Code: 1SEU-AU-200

## USB MICROPHONE

The Genesys Products USB Microphone is founded on a miniaturised USB 2.0 stereo sound card chipset, and provides plug-and-play microphone connectivity solutions for computing devices that do not include a built-in microphone.

### HEADPHONE CONNECTIVITY

For user convenience, the USB Microphone includes a physically-paired stereo headphone socket, for cases where an existing audio output is in use, or is in a difficult-to-access location. Also included are volume-up and -down buttons, a microphone mute button with corresponding indicator LED, and a headphone/audio output mute button.

### PLUG AND PLAY

The USB Microphone is plug-and-play. No special drivers required for installation on Windows, Mac and Linux operating systems.
